ABOUT ME

Results-oriented Software Engineer with 1.9+ years of professional experience specializing in Next.js and modern web development. Highly skilled in REST API integration, state management, and ensuring seamless data flow between frontend and backend systems. Strong focus on debugging, troubleshooting complex issues, and optimizing application performance to deliver high-quality user experiences.

EDUCATION

Master of Computer Application CGPA -7.5 | 2023

C.H.M.M College For Advanced Studies (Kerala University)

- Academic Project: Developed a Migrant Workers Management System using the Django framework to manage worker registrations and documentation.
- Designed the backend database and implemented user authentication for secure data handling.

Bachelor of Computer Science CGPA - 6.8 | 2020

C.H.M.M College For Advanced Studies (Kerala University)

- Gained a strong foundation in core computer science principles including Data Structures, Algorithms and Object-Oriented Programming (OOPs).

PROFESSIONAL EXPERIENCE

Software Engineer | Eloit Innovations Pvt. Ltd. (Oct 2024 – Present)

- CBSE Holistic Report Card Module: Developed a customizable report card system for a school ERP using Vue.js and jQuery for dynamic data entry and real-time validation.
- Cloud Integration: Integrated frontend services with Azure Function Apps to handle complex, server-side batch PDF generation and data processing.
- REST API & Data Integration: Successfully integrated 100+ REST APIs, implementing dynamic routing and complex data flow to ensure real-time synchronization between frontend and backend.
- Performance Optimization: Improved application speed and efficiency through code splitting, lazy loading, and advanced performance tuning techniques

Full Stack Developer Intern | Mashupstack (Dec 2023 – Sept 2024)

- MERN Stack Development: Gained hands-on experience building full-stack web applications using MongoDB, Express.js, React, and Node.js.
- RESTful Services: Developed and tested RESTful APIs to ensure seamless communication between the frontend and backend.

TECHNICAL SKILLS

- Frontend: Next.js, React, Vue.js, SCSS, JavaScript (ES6+), HTML5.
- State & Data: Redux, TanStack Query, Context API, REST API Integration.
- Auth & Tools: NextAuth.js, JWT, Firebase, Git.

ADDITIONAL INFORMATION

- Languages:** English, Malayalam.
- Certifications:**
 - Introduction to C Programming – NPTEL (IIT-level certification).
 - HTML, CSS, and JavaScript for Web Developers – Johns Hopkins University (Coursera).
 - MERN Stack Development – Mashupstack.
- Soft Skills:** Technical Debugging, RESTful API Design, Team Collaboration, Problem Solving.
